BOARD OF PUB. SAFETY CALLS IN SALOON MEN

Following the Example of South Bend, Safety Board Calls Saloonkeepers In—City to Have Detective.

Profiting by the experience of the South Bend administration, Mayor Ralph Gaylor and the board of public safety have issued a call or invitation to the saloonkeepers of Mishawaka to a meeting at the council chambers at the city hall building Thursday afternoon at 2 o'clock.

The invitation was extended personally to the saloonkeepers by Patrolmen White and Terbusch Wednesday night just before closing time and after the meeting of the board of public safety.

As to just how the meeting would be conducted Thursday afternoon would not be given out previous to convening, but it is thought that Mayor Gaylor attended the reception of Police Chief Keat at South Bend Wednesday afternoon, and took his initial lesson. No doubt this reception will be conducted along the same line. Although the South Bend administration "got busy" shortly after assuming their duties, the local administration, it seems, have been stalling along for the purpose of giving Mishawaka what South Bend has in the line of gambling, and liquor law enforcement and to the fulfilling of the promises and pledges made by the independent party.

Demand Law Enforcement.

It is understood that some of the leaders who were greatly instrumental in the independent party success at the election have been, and are insisting that the promises and pledges made be carried out.

Apparently most of the saloonkeepers have been living up to the law, but it is rumored that at several places the lid has been tilted for the past two Sundays.

It is presumed that at this afternoon meeting a final warning will be given to keep saloonkeepers regarding the Nicholson law, which specifies that the bar to a saloon shall be left in full view of the street. Stained glass, plants or picture posters, anything that obstructs the view are under the ban to that end. Likewise, the screens that ordinarily separate the front lobby from the bar room; the dress and smoking saloon is supposed to be closed, nights, holidays and Sundays.

It is understood that the saloonkeepers, and members of his family may be permitted to enter the premises on Sunday, to mop out, clean up, etc., but no other person shall be allowed inside.

Add Policemen.

At the meeting of the board of safety Wednesday evening two appointments were made to the police department. Charles Secrist, who has been on duty for the past four or five weeks, was formally appointed. Herman Beeher, married, about 30, a blacksmith, was appointed as a regular patrolman and as an addition to the present force.

The force, 147, now brings the Mishawaka police force up to eight strong. Chief of Police Kreiter was authorized to appoint a detective or plain clothes man also to be a regular member of the force. This now brings Mishawaka police force up to nine strong.

Chief Kreiter was selected by the board as bailiff of the city police court.

Minor supplies comprising handcuffs, whistles, and various other police paraphernalia was purchased.

INDIANA BRIEFS.

OTTERBEIN.—The body of Mrs.

Elizabeth Edmonds, who was found suspended from the rafters in the attic of her home. She had hung herself, using the cord from her kimonos. Mrs. Edmonds had been ill head members of the family are now investigating when she failed to come down stairs in the morning, thinking they would let her rest.

MORION.—Investigations have failed

to disclose the origin of the fire which totally destroyed the quarter-master's building at the National Military home, extending a loss of \$100,000. The entire structure, two stories high, and 250 feet long, was a mass of flames before the fire-fighting apparatus could be brought to the scene. Large quantities of food and oils were stored in the building, increasing the intensity of the blaze.

HOBERT.—This town is in favor

of moving picture shows on Sunday, if the sentiment is reflected by the verdict of a jury which heard the case against Charles Harding, a theater proprietor, accused by Rev. Godwin, of the Hobart Methodist church. The trial was held on the stage of the opera house and drew a capacity audience to the auditorium, numbering nearly 1,500. The jury was out but two minutes when they returned and acquitted Harding.

GOSHEN.—Mrs. Ocie Hall Thompson,

37, wife of John Thompson, swallowed nearly half a pint of sugar of lead and died within a half hour. She had been drinking a quart of the liquid with her husband. He had the liquid for treating poison on his face.

GOSHEN.—John Hess, 60 years

old, a well known farmer of Harrison township, and for a number of years assessor, was found dead in bed by his wife. It is supposed he suffered after midnight, though it was not discovered until morning.

ST. FLORIANS TO PLAY.

The champion St. Florian indoor baseball team will meet Mishawaka Moose at the Moose's local games Friday night in Mishawaka. The St. Florian aggregation has a game on with the Cassopolis Stars for the first Saturday in February and efforts are being made to schedule as many games ahead as possible. An open challenge is given out.

TAX TITLE IS INVOLVED IN SUIT

Son and Daughter Sue Father for Share in Mishawaka Property. Worth \$2,500.

Trial of a suit of particular interest because it involves the validity of a tax sale and because two children are opposed to their father in the action, was begun in the circuit court Thursday. The action is brought by Ina Mary Fulk and Delbert Ipe to quiet title and partition property on the north side of Mishawaka valued at about \$2,500.

Taxes on the property went delinquent in 1905 and it was sold in February, 1905, by Adam Hunsberger, then county treasurer, to a bidder at the annual tax sale. The property had belonged to Ipe and his children as tenants in common. Later Ipe redeemed the property by paying the required amount and it was re-conveyed to him by the purchaser of the tax title. This conveyance, however, cutting off due to the influence of the other tenants in common who are the plaintiffs in the suit now being tried.

It is the contention of the plaintiffs that the tax sale was invalid as the treasurer, following the usual custom, sold but one description of property at the door of the court house and then adjourned to his office inside where the sale was continued. Attorneys for the plaintiffs declare the law requires the entire sale must be conducted at the courthouse door. Their clients ask an equal share with the father in the property.

ARRIVAL OF TRIPLETS CROWDS THIS FAMILY

CHICAGO, Jan. 22.—The arrival of triplets at the home of Mrs. Carmella Costabla, caused complications that called for outside aid today.

Luigi Costabla, the father is out of work. There were five children to feed before the triplets arrived last Monday. The family lives in one room at a crowded tenement house. Today the last bit of coal and food in the house was exhausted. The two girls and one boy that comprised the latest births in the household required nourishment and warmth. Neighboring took coal from their own scanty baskets to tide the family over today and it was expected that publicity given the condition of the family would bring substantial help.

The mother and the triplets are doing well, in spite of lack of comforts generally needed in such cases.

KEEP YOUR TEMPER AND YOU'LL LIVE LONGER.

B Y A PHYSICIAN.

One of the best health commandments a person can obey is: Keep your temper.

As a rule, when people are advised to keep their temper, the reason given is the beneficial effect on others. But it is very much worth while to consider, deeply, the beneficial effect upon oneself.

It will help the other fellow. But it will help you more!

Losing the temper has a decided effect upon the physical condition. Many cases of anger caused by violence, it affects the heart action, the circulation and very often the digestive organs.

If you have never considered the wisdom of this practice from the health standpoint before begin now.

There are few things in the world worth losing one's temper over; certainly not the small annoyances that commonly cause the rush of blood to the head and the flow of angry words to the mouth.

Just remember, next time some one aggravates you, that it is worth more to your health to treat the matter calmly, dignifiedly and sensibly than to "fly off the handle" and jeopardize your perfectly good digestive organs.

HEALTH TIP.

The habit of snoring is hard to cure. Abnormalities and diseases of conditions of the nose, throat and chest often contributing to causes. Snorers should sleep on their sides.

TO MEET WILSON.

WASHINGTON, Jan. 22.—E. W. Breitung came here
